'Kraft-ing Excellence' From Bengaluru to the World

Our dedication to quality stems from our commitment to 'Make in India'.

Our legacy journey began in Bengaluru, where our commitment to quality and affordability took root. Today, we stand as the leading kitchen and home appliances brand in India, synonymous with quality, affordability, and innovation.

With over 95% of our products manufactured in Bengaluru, Karnataka, and Baddi, Himachal Pradesh, India, we ensure unwavering quality and consistency in all our products. By minimizing reliance on imports, we not only reap the benefits of stringent quality control but also offer our customers exceptional value at competitive prices.

Driven by passion and commitment, we pride ourselves on crafting products that perfectly complement our customers' everyday needs.

Legacy Brand built on Unmatched Value and Trust

For over two decades, we've poured our passion into crafting appliances of best-in-class quality at affordable prices.

A legacy built on bringing the best of Indian craftsmanship to every home, one affordable masterpiece at a time. We invite you to experience the difference, feel the quality, and discover why India's families love us. But our success isn't just numbers on a page. It's about rich stories shared by valued and satisfied customers.

"From lighting up my living room with LED bulbs to whipping up delicious meals with Pigeon's appliances, like the Airfryer and Slow Juicer – all the products make my home a joy to live in. Everything seems more easy and convenient now. Thank you for putting excellence within reach," says Aarthi Rao, a working professional and our customer from Hyderabad.

CAST IRON

Revive traditional flavours and aromas with our timeless cast iron cookware.

Experience unmatched even heating and the benefit of cooking in real iron cookware. Once warmed, it will retain heat for a long time, even if energy source is reduced or switched off. This natural cookware holds heat far better than any other.

The 100% vegetable oil layer helps release iron into the food, a nutrient that is essential for health. Iron content in food makes this the ideal choice for the health - conscious, the taste - conscious and for everybody in between!

The Imperi collection comes with a timeless black matt finish, creating a natural cast iron masterpiece that transcends ordinary cookware.

CAST IRON COOKWARE

Incredible heat retention
Experience faster, efficient and even cooking, unlocking a symphony of flavours in every dish.

Chemical-Free cooking
Enjoy the natural non-stick properties, free from chemical coatings - ensuring every meal is a celebration of health.

Lifetime warranty
The entire Imperi Cast Iron range comes with a lifetime warranty on manufacturing defects, a testament to its durable and lasting construction.

Unmatched durability
Abrasion-resistant & enduring quality makes it a cost-effective investment.

Global standards, local Craftsmanship
Meticulously crafted to meet global standards.

Naturally Non-Stick
The 100% vegetable oil seasoning imparts an easy food release property
